WS Conditions of a Sales Contract

Case Study “Herzilein”: (book p.81)

Several years ago, Sonja Völker founded a company named “Herzilein GmbH”. She sells fashion for children. As her business is very successful, she already has three fashion shops in Vienna, where she sells her creations. She also runs a web shop. The clothes are manufactured in a separate workshop.

Decide whether a valid sales contract has been concluded in the following cases:

Case	Valid contract yes/no?	Reasons
a) Lili, six years old, walks into a “Herzilein” shop and buys a summer dress for € 70.		
b) A wholesaler says to Ms. Völker: “If you don’t buy these trims from me, I will punch you in the face.”		
c) Julia, 33 years old, buys an embroidered sailor-style pullover for her son.		
d) Ms. Völker’s boyfriend says to her: “I love you so much, I will buy all the stars in the Milky Way for you.”		
e) A Young man calls Ms. Völker and offers her designer drugs for children, which she could hand out in her shop disguised as sweets.
